Office of the Massachusetts Attorney General

Attorney General Tom Reilly

Website: <http://www.ago.state.ma.us/>

The Office of Attorney General acquired broad responsibilities early in its development. This process has continued to the present, the product both of legislative and judicial declarations. Today the Attorney General is clearly established as the Commonwealth's chief law officer. He is also, in a less easily defined way, the people's lawyer, charged with protecting the "public interest."

Please note that based on its statutory authority, the Attorney General's Office cannot provide citizens with legal opinions. The authority to render formal legal opinions extends only to requests by state officials, district attorneys, and branches and committees of the Legislature.

(This limitation on the Attorney General's authority is spelled out in the Massachusetts General Laws at G.L. c. 12, §§ 3, 6, and 9. More specifically, under G.L. c. 12, § 3, the Attorney General is authorized to provide representation and other legal services to the commonwealth and . . . state departments, officers, and commissions[.]
